Benefit Period

A charge shall be considered incurred on the date the service or supply was provided to a member.

Allowed Amount

The maximum amount that Blue Cross NC determines is to be paid for covered services provided to a member.

Out of Pocket Maximum

If you would like a copy of a benefit booklet providing more information about our Utilization Management programs, call the toll free number listed in your information packet.

Certification

Certification is a program designed to make sure that your care is given in a cost effective setting and efficient manner. If you need to be hospitalized, you must obtain certification. Non-emergency and non-maternity hospital admissions must be certified prior to the hospitalization. If the admission is not certified, a penalty will be applied. For maternity admissions, your provider is not required to obtain certification from Blue Cross NC for prescribing a length of stay up to 48 hours for a normal vaginal delivery, or up to 96 hours for delivery by cesarean section. You or your provider must request certification for coverage for additional days, which will be given by Blue Cross NC, if medically necessary. All inpatient and certain outpatient Mental Health and Substance Abuse services must be certified in advance by Magellan Behavioral Health. Call Magellan Behavioral Health at 1-800-359-2422.

Office visits do not require certification. In-network providers are responsible for obtaining certifications. The member will bear no financial penalties if the in-network provider fails to obtain the appropriate authorization. The member is responsible for obtaining certification for services rendered by an out-of-network or out-of-state provider.
